27th February 2020

Dear Parent / Carer,

Re: Coronavirus

You're likely aware of the outbreak of coronavirus in China and the subsequent confirmed cases in the UK. At Ashton Hayes Primary School, we take the health and safety of our pupils and staff very seriously, so we're sharing guidance from Public Health England on steps you may consider taking.

There's currently no cause for concern at the school, and there is no reason why your children should not continue to attend as normal. We will keep you informed about any developments and ensure we're keeping the school clean to prevent the spread of any virus.

Prevent the spread of infection

Make sure you and your children follow these general principles to prevent spreading any respiratory virus:

- Wash your hands often with soap and water for at least 20 seconds, or an alcohol-based sanitiser if soap and water aren't available
- Avoid touching your eyes, nose, and mouth with unwashed hands
- Avoid close contact with people who are sick
- If you feel unwell, stay at home and don't attend work or school
- Cover your cough or sneeze with a tissue, then throw the tissue in a bin
- · Clean and disinfect frequently touched objects and surfaces in the home
- If you're worried about your symptoms, please call NHS 111 don't go directly to your GP or other healthcare environment

Please see 'Advice on the coronavirus for educational settings' leaflet attached.

If you or your children have returned from anywhere in Hubei province in past 14 days

If you or your children are currently well:

- Stay indoors and avoid contact with other people as you would with flu viruses
- Call NHS 111 to inform them of your recent travel to the area.
- Your other family members don't need to take any precautions or make any changes to their own activities

If you become unwell:

- Please call NHS 111 immediately in order for you to be assessed by an appropriate specialist in hospital, as quickly as possible
- Follow the home isolation advice sheet https://www.gov.uk/government/publications/wuhan-novel-coronavirus-self-isolation-for-patients-undergoing-testing/advice-sheet-home-isolation

If you or your children have returned from a specified country in last 14 days (see list below) we would appreciate that you inform the school and follow the guidance from Public Health England.

Aspire to be Amazing!

*See updated advice letter received by school 26.02.20 for recommendations and countries.

The specified countries are:

- China (other than Hubei)
- Hong Kong
- Japan
- Macau
- Malaysia
- Singapore
- · South Korea
- Taiwan
- Thailand

Symptoms to look out for:

If you've returned from the specified countries or Hubei, look out for the following symptoms:

- Cough
- Difficulty in breathing
- Fever (a temperature of 38 degrees C or higher)

If you have any of these symptoms: If it's an emergency, call 999 and tell them which country you have returned from in the past 14 days.

Many thanks and kind regards,

Mr Hover

Advice on the coronavirus for places of education

How serious is the coronavirus?

- it can cause flu-like symptoms, including fever, cough & difficulty breathing
- the infection is not serious for most people, including children
- there is currently no vaccine
- · most people get better with enough rest, water to drink and medicine for pain

How likely are you to catch the virus?

- · you can only catch it if you have been close to a person who has the virus
- . the chance of being in contact with the virus is currently low in the UK
- if you have travelled to areas where many people are infected, your chance of catching the virus is higher, i.e. China and any affected areas

How can you stop coronaviruses spreading?

If you need to cough or sneeze

You should wash hands with soap & water or hand sanitiser

Try not to touch your eyes, nose, and mouth with unwashed hands

Do not share items that come into contact with your mouth such as cups & bottles

If unwell do not share items such as bedding, dishes, pencils & towels

Stop germs spreading with our e-Bug resources on hand and respiratory hygiene lesson plans for KS1, 2 and 3: campaignresources.phe.gov.uk/schools

What should you do if you feel unwell?

Keep away from others and stay at home to stop the infection spreading. Avoid public transport if you think you have symptoms of coronavirus. If you become unwell at a place of education, tell a member of staff and let them know if you have travelled to any other countries in the last 14 days.

If your staff member or parent thinks you have symptoms of coronavirus, they should call NHS 111 for advice. Follow the UK Government advice for childcare or educational settings gov.uk/government/publications/guidance-to-educational-settings-about-covid-19. Parents can visit NHS.UK to find out more information. Teachers and support staff should follow the UK Government advice.

Staff, students and pupils who have returned from Wuhan and Hubei Province in China should self isolate, and NOT attend education or work for 14 days. See NHS.UK for advice on coronavirus.

If there is an emergency, call 999 immediately
